A productive month for Alexey Sutormin

This period was very productive for [Alexey Sutormin](#). Alexey Sutormin played in two matches of the Russian Premier League in November and helped his team "Zenit" strengthen leadership in the championship. Alexey currently has 19 matches for "Zenit". Also, he played in the Champions League match for the first time in his life. It is an important event for each football player. There will be new games ahead and new victories. We wish good luck to our player and his team!

Valeriya Olyanovskaya's tournament performance

Last month our rising star Valeriya Olyanovskaya participated in one more tournament. Together with M. Zakarlyuk, she has successfully passed to semi-finals during ITF 27 Egypt in women's doubles. For a second time in a row, Valeriya loses just before the last round, but she stays focussed and constantly improves her game in order to reach finale next time!

She is going to play several more ITF tournaments in the next few months and in 2020 she is already going to enroll in higher-tier games!

We wish Valeriya to achieve new heights and congratulate her on recent successes.

Poker progress and community integration

This November our poker players played stable and profitable including 2 big wins. Our coach, Tobias Schaaf, took second place in 30/30 Night on Stars multi-table tournament for \$8600 and Linus Rosenstein, one of our newcomer players, took first place into Monster stack on Winamax, winning \$3500.

Very soon we are going to transfer our player's discussions to discord open channel, which would allow our community to communicate with our players directly and spectate their games, state tuned not to miss your chance to become acquainted with our PROs personally!
