TokenStars August Report: All Hands On Deck

In August we had lots of activity in all our major areas of work: auction, bounty task and predictions contest in football, new applications and polls in both poker and tennis. In addition, a young and budding tennis player joined our team! So let's have a closer look at our August results.

- **The auction with Alexey Sutormin is finished**
- **Bounty task is completed**
- **9 new applications: 5 in tennis, 4 in poker**
- **8 voting procedures: 5 in tennis, 3 in poker**
- **Contract with Togan Tokac is signed**
- **Expanded Prediction Competition**
- **Linus wins the Mini Battle Royale**

The auction with Alexey Sutormin is finished

In July our signed player Alexey Sutormin won the champion title of **the Russian Premier League**. Zenit confidently outplayed Krasnodar with the final score of **4-2**. It was the shortest victory in the whole RPL history, four rounds to go. Alexey made the last goal in the match against Krasnodar. To celebrate this event we created an auction and a bounty contest with him.

A personally autographed jersey of Alexey Sutormin, worn during the first half of the **Russian Premier League** season 19/20, went under the hammer for **122\$**. The money is transferred to **Podari Zhizn** charitable foundation. It focuses on treatment, support, and rehabilitation of children and young adults with oncological, hematological, and other life-threatening conditions in Russia and CIS.

Bounty task is completed

Together with Alexey, we also held a contest on Instagram, where users posted their favorite football-related pictures. Alexey chose the best photo and congratulated the winner in his stories. The winner received **500 TEAM** tokens and a ticket for the sports quiz from our partners.

Poker results

Last month, we received applications from four poker players, **Nikolay Selyuk, Gatis Reigas, Robert Hegedus, and Otabek Azimboev.**

Nikolay is from Russia. He is 28 years old. He has 8 years of poker experience. Gatis is from Latvia. His strongest advantage — low stakes. Gatis's average profit is 11\$. His major win is 1580\$ on MTT. Robert is a Spanish player. He has been playing poker for over 10 years. Otabek is a player from Kyrgyzstan. He has no statistics, as he started playing poker quite recently.

Due to no statistics, Otabek was rejected by our expert. So a vote was taken for the first three players. Unfortunately, according to the results of the voting, none of them passed the selection.

Voting results:

- Gatis Regas — 5.6% - Yes, 94.4% - No.
- Robert Hegedus — 11.9% - Yes, 88.1% - No.
- Nikolay Selyuk — 5% - YES, 95% - NO.

We were unable to accept players in the community due to a lack of experience and ineffective statistics.
