The contract with PRO player is signed

We are happy to announce that we have signed a contract with **Sergey Kornilenko**. He is a Belarusian professional football coach and a former player who played as a striker.

At the age of 16, he made his debut in the Higher League of Belarus. The next season the promising striker was invited to Dinamo Minsk. Sergey won the **champion title** in three countries — Belarus (Dinamo Minsk), Ukraine (Dynamo Kyiv), Russia (Zenit). During the 10/11 season played in the **English Premier League** for Blackpool FC. In the summer of 2020, Sergey Kornilenko became the **sports director of Krylia Sovetov**.

We are delighted to have such an experienced professional to join the TokenStars team! TokenStars will provide **marketing assistance** for Sergey and attract new sponsors.

3 new players in the scouting module

There were 3 poker applications in November. But, unfortunately, all the players failed the selection stage.

Yaroslav Solovey

The 20-year-old player from Kyiv, Ukraine. He started playing poker at the age of 15. The first online poker game took place in August 2018.

ROI = 13%

Profit = \$ 3200

This is not a bad result for a young player, but unfortunately, the experts considered that the player lacks experience, so we are not ready to accept him into the community.

Nazariy Molotok

The 27-year-old player from Ternopil, Ukraine.

ROI = -4.3%

Profit = -361\$

Nazariy is just learning to play poker and gaining experience. He has negative statistics, so he did not pass the selection stage according to the results of the assessment by our experts.

Andrey Nikolenko

The 24-year-old player from Moscow, Russia. He has been playing offline poker for 6 years and online for 1 year. Online game statistics:

ROI = -20%

Profit = -500\$

Due to negative statistics, we could not accept Andrey into the community.

This means we continue to look for the **promising poker players** to join our team. Take your chance to submit prospective poker players to the TokenStars Scouting system and get a reward in TEAM tokens! If you have someone in mind, you can send them our presentation in which we included all the advantages of our offer for the poker players.

The fifth poker tournament is held

On the 22nd of November our fifth home tournament took place on PokerStars.com.

1. Duration: 56 minutes
2. Blind level: 6 (100/200)
3. Average stack: 8000 chips
4. Largest stack: 22000 chips
5. Participants: 10
6. Winners: 3
7. Prize fund: 7,500 TEAM tokens.

A new charity auction has started

We are glad to present a special lot from the **Krylia Sovetov** team. All players on the team signed a limited edition jersey of 25 pieces. Krylia Sovetov played the first match after the resumption of the RPL in T-shirts with the words “Thank you, doctors”. The footballers played the first official game with Akhmat in these themed jerseys. One of these jerseys is available for our community.

The auction supports **the Zhivoy Foundation**. They organized an incredibly large-scale action to help doctors throughout Russia during a pandemic. They provided the necessary medical equipment like suits, shields, gloves, shoe covers.

KHL matches in the Predictions

This time we were following the matches from the Kontinental Hockey League. Clubs fight for the league's main trophy – the **Gagarin Cup**. And **3000 TEAM** tokens prize fund in this contest was shared among the top 100 participants. And a small spoiler: the next contest will be dedicated to **esports!**
