

2 Professional Football Players Joined TokenStars

TokenStars started to cooperate closely with the football industry, and the results are already on the plate: we signed a contract with **João Klauss De Mello** and **Otávio Edmilson da Silva Monteiro**.

- ✓ First **two** professional football players signed a contract with TokenStars.
- ✓ Otavio won **Super Cup** in 2018, and Klauss has already become a champion and **top scorer** of Finland.
- ✓ TokenStars will provide marketing assistance for players and attract new sponsors.
- ✓ Both footballers have a wide range of options for interaction with their fans, followers, and **ACE & TEAM** token holders.
- ✓ **Joao Klauss** provided the first task in Bounty Fan Club.

First signed football players

[Otávio Edmilson da Silva Monteiro](#), commonly known as Otávio is a Brazilian attacking midfielder, playing for FC Porto. With his team, Otávio became the Portuguese

League champion and won the Super Cup in 2018. This season he appeared in 32 games (5 goals, 8 assists), while FC Porto ties the first place in the championship.

✓ CONTRACT SIGNED

João Klauss De Mello - LASK striker, champion and top scorer of Finland - recently joined TokenStars platform and he's already holding his contest in the Bounty Fan Club. Klauss invited our users to create a LASK match preview with his photo and compete for a reward of 20,000 TEAM tokens. It's not only the chance for contestants to show their creativity but also to cooperate more closely with a great footballer - Klauss will choose the winner of this bounty campaign and post the best picture on his [Instagram](#).

✓ CONTRACT SIGNED

We're creating new opportunities for players to attract fans and grow their influencing potential. Both **Otávio** and **Klauss** will run exclusive activities with their fans on the TokenStars platform and cooperate more closely with **ACE** and **TEAM** token holders.

Klauss created his fan club

[Bounty Fan Club](#) provides players with a wide range of new tools to interact with their fans and create their own fan clubs on TokenStars platform. The first to use this opportunity was Klauss - shortly after the launch of the new module he provided FC LASK fans and TokenStars users with a special contest.

Create a matchday pic with my photo

Create a matchday preview for LASK game in Austrian Bundesliga against Red Bull Salzburg on April 7 and win 20,000 TEAM tokens.

Description

On the 7th of April, my team LASK will play against FC Red Bull Salzburg in the 24th day of the Austrian Bundesliga.

Two major Austrian teams face each other - and I created a special contest for this event!
Design a matchday preview poster with my photo as a LASK player and match details (time, date, stadium, opponent).

To participate, please sign up on www.tokenstars.com, click "join" on this activity and send your pics to klauss@tokenstars.com. Please, do not forget to add TokenStars logo on a photo.

The contest ends on Thursday, April 4, 7:00 PM (CET) - catch your chance!

On Saturday I will choose the one I like the most and will post it next before the game. The author of the best picture will be tagged on the photo and will receive 20,000 TEAM tokens. You can find the example of the poster attached. Let's go!

Images

Joao asked participants to create a match-preview poster, which had to include his photo and TokenStars logo on it. Klauss chose the winner and posted the picture on his [Instagram](#) on April, 6. The author of the poster received 20,000 TEAMS reward (approximately \$100).
