As we already mentioned before, Tobias Schaaf is our coach, but the thing is that not only our professionals have a chance to play with him! 3 members of our community already had a private coaching session with Tobias and what is most important, none of them was dissatisfied! Moreover, 2 of them even paid back the cost of the session, which was only 2000 TEAM, by winning Sit and Go and cash games during it.

Freerolls

This October, everyone had a chance to play with members of the TokenStars poker team and even to win prizes! Our players participated in freeroll tournament with TEAM tokens prizes alongside with common players and fans all over the world. Of course, it is not so easy for average players to defeat a professional but due to high variance in poker it is possible, one of our fans proved it by achieving the 2nd place in the tournament!
