Exclusive Training With Tennis PRO

In May we launched [Fan Communications](#) module to make the communication between players, fans and token holders more diverse and easy. One of the brand new activities become training with TokenStars signed players, and we were more than happy to provide our users with an opportunity to play tennis with [Veronika Kudermetova](#). This training was bought by one of the ACE token holders and held on June, 5 in Moscow. It was a truly unique experience and we're glad that all parties enjoyed this meeting. We wanted to capture this great moment and prepared a brief [video summary of this training](#).

Bounty Contest From Veronika Kudermetova

On June, 19, [Veronika](#) asked her fans to create a poster about her participation in Wimbledon 2019. The reward for the best picture was **2500 ACE** tokens. Veronika

picked her favorite and posted the winning poster on her [Instagram](#) right before her first match on Wimbledon.

During this contest, we received many lovely posters from participants, and we decided to reward one more contestant. We asked our community to decide which poster is worthy of victory. According to the results of the voting, @SultanWR became the owner of the audience award and already received **500 ACE** tokens.

Biggest Poker Win Yet

June, 25 our signed player [Marco D'Amico](#) took 2nd place in one of the most popular online poker tournaments - Sunday Million and won **\$84,000**. It was a tough game, but thanks to his experience, he was able to beat the players and become the chip leader. This win is a huge achievement for Marco and the biggest profit among our signed poker players.
